Realgy, LLC's petition to Illinois Commerce Commission for Alternative Gas Supplier

REALGY'S KEY PERSONNEL**Michael VP Vrtis
Managing Partner**

Michael VP Vrtis is the Managing Partner for Realgy, LLC.

Mr. Vrtis has management responsibility including hiring, daily operations and profit and loss responsibility since 1998. During this period, Realgy Energy Services was begun and has exclusively sold natural gas and energy information services to retail customers.

In selling natural gas, Michael has utilized North American Energy Standards Board (NAESB) and its predecessor Gas Institute Standards Board (GISB) in contract energy purchases, in addition to private contracts.

Prior to forming Realgy, LLC Michael worked with Kenetch, Inc. as Director Project Development and contributed to the accomplished of; 6 generation projects totaling over 230 MWs; implementing demand side projects totaling over 3 MWs and over \$1,500 million dollars in energy trading and sales. All energy sales involving natural gas included GISB.

Commencing operations in 2000 Realgy Energy Services has performed marketing services in 8 states and 14 utility service territories. Michael, as the Managing Partner and founder of Realgy has consistently grown revenues, exercising full P&L responsibilities, trained and managed sales agents and employees and has integrated on-line energy information services to clients.

A native of Chicago, Illinois, Vrtis graduated from the U.S. Merchant Marine Academy with a bachelor degree in Marine Engineering Systems. He went on to earn his Professional Engineering certificate in New York and Connecticut. In addition, he completed the training to assume full responsibility as a Shift Supervisor of nuclear plants under the Department of Energy.

**Doug Gugino
Vice-President, Natural Gas Operations**

Doug Gugino has a career spanning twenty years with Northeat Utilities, Inc. Doug is currently under a service agreement contract with Realgy.

Mr. Gugino has over 15 years of natural gas sales experience, including profit and loss responsibility. This entire experience was gained using NAESB/GISB criteria and documents.

Doug, has been responsible for managing the operations of a comparable business, NU's unregulated marketing subsidiary's retail energy platform, Operating Select Energy, Inc.'s retail natural gas marketing business and directing its Energy Operations function. In these capacities, Doug has overseen the growth from 1,000 Dth/month in the first year, to 1,000,000 Dth/month the second year and to over 2,000,000 Dth per month in the third year. Entering the fourth year - the forward book was approaching 5,000,000 MMBtu per month winter business. The peak day delivery was over 150,000 MMBtu. The business included thousands of retail meters (customers), almost 50,000 forward deal months of wholesale products, across 10 states, 35 distribution companies, and 17 wholesale trading regions.

Doug, is the recipient of numerous awards and citations for his public and private service.
